Personal Bio

I am currently studying **Physics** at the **University of Sussex** and have a passion for cooking and all things electronic. I have extensive knowledge of excel and am highly computer literate with a very high grasp of advanced mathematical concepts. I am well organised and have run numerous societies and committees at my universities. On top of being bilingual I can also program in Python, Matlab and LaTeX.

Key skills

Very fast learning, Very good under pressure, Excellent organisational skills, Good with computers, Good with maths, Can touch-type(≈ 90 wpm), Bilingual (Polish), can Program.

Jobs

Paid Jobs

January 2010 to August 2010

Worked as a **Commis Chef** in a North London tratorie. Job included part of work as KP when there was a shortage of KP?s.

From this I learned how to cook fast and clean and how to keep a kitchen organised. It also helped cement my love of working under intense pressure and gave me a good head for coping with it.

September 2008 to June 2009

Worked at Currys Richmond as **Sales Staff**. Job included till work, dealing with customers during both busy and quiet periods, filling shelves and organising warehouse.

From this I learned to deal with difficult customers and basic till operations as well as keeping stock lists of what we needed in order to relay to warehouse and management.

July 2007 to August 2007

Worked at Kimpton Brothers Ltd. as a **Secretary**. Job included touch typing from recordings and hand written documents, archiving, answering phone calls and scheduling.

I learned to answer phones politely and how work in an office environment.

Unpaid

September 2011 to present

Secretary of departmental joint committee at Sussex for maths and physics. Took minutes for all meeting of committee and helped keep lecturers and other committee members abreast of what had been discusses and needed to be done. Helped organise 2 balls for approximately 150 people.

September 2012 to present

Head of the physics society at Sussex. Organised meetings and events for a society of about 100 people. These weekly events include paint-balling, movie nights, LAN parties, chess and poker tournaments as well as pub-crawls

October 2006 to January 2007

Worked as a Dj in a local Polish radio station. Job included running my own show, writing a script, using music software and interviewing guests.

I learned how to be vocal and more self-assured when talking to people I didn?t know and a great deal about music software.
